List of GnuPG Signing Keys

To guarantee the authenticity of software created by the GnuPG project and g10 code GmbH, all released versions come with an OpenPGP signature in a separate file. The public keys to verify them are available at

https://gnupg.org/signature_key.asc

and their fingerprints are as follows:

```
pub   ed25519 2020-08-24 [SC] [expires: 2030-06-30]
      6DAA 6E64 A76D 2840 571B  4902 5288 97B8 2640 3ADA
uid   Werner Koch (dist signing 2020)

pub   ed25519 2021-05-19 [SC] [expires: 2027-04-04]
